Note: MADE expo 2025 and Exhibitors company name on your payment (please, attach bank slip to this Application Form)
- Credit Card** Link to www.fieramilano.it - Exhibitors - fair services - online payments

VAT EXEMPTION (Italian companies only)

- YES** In case of non taxable VAT ex Art. 8/8bis/9 DPR 633/72, please enclose declaration of intent:
- FIERA MILANO S.p.A. - Registered office: Piazzale Carlo Magno 1 - 20149 Milano - Italy - P. IVA 13194800150
 - For eventual other services: TIM S.p.A. - Registered office: Via Gaetano Negri 1 - 20123 Milano - Italy - P. IVA 00488410010
- NO**

PAYMENT BY BODY / PUBLIC COMPANY (Italian companies only - see Art. 9 of General Regulations)

In case of payments by public body /public company please indicate:

• Tender ID code (CIG)	<input type="text"/>
• Project ID code (CUP)	<input type="text"/>
• Unique code	<input type="text"/>

DEADLINE TO SUBMIT APPLICATION FORMS

Application forms without deposit payment will not be deemed valid to book the exhibiting space. The balance payment should be done no later than **May 19, 2025** (see Art. 17 The balance payment should be done). The invoices issued after this date must be paid immediately and, in any case, before the beginning of the event.

TERMS OF PARTICIPATION AND CONDITION

Pursuant to and in accordance with articles 1341 and 1342 of the Italian Civil Code the following clauses are expressly approved: Art. 2 - Organizer, Place, Date and Hours of the Exhibition; Art. 3.1 - Exhibition Limitation; Art. 5 bis lett. B), C), D) Promotional campaign service. Terms & conditions of activation; Art. 6 - Acceptance of General Rules and Regulations; Art. 7 - Exhibitor's withdrawal and withdrawal penalties; Art. 7 bis) - Exhibition Space Reductions; Art. 10 - Registration of Represented Companies - Industrial and Intellectual Property Service; Art. 10 bis) - Rejection and/or revocation of registration of Represented Companies and Co-Exhibitors; Art.11 - Intellectual Property service; Art. 12 - Digital Catalogue and Promotional Material; Art. 15 - Space Assignment; Art. 16 - Prohibition of cessation; Art. 17 - Balance for Exhibition Space - Payment of Statement of Account - Exit Pass; Art.18 quater) - Legislative Decree 231/2001 and Code of Ethics; Art. 19 ter) - Damage to the stands (pre-fitted exhibition areas); 20.1 - Waste disposal; Art.22 - Forbidden Activities - Publicity; Art. 23 - Display of Prices and direct sales; Art. 25 - General Surveillance - Fire Prevention; Art. 26 - Insurance - Limitation of liability; Art. 27 - Clearing stands and Right to Retention and Recourse (bare and pre-fitted area); Art. 28 - Sanction for early dismantling; Art. 31 - Modifications to the General Rules and Regulations and Sanctions for Non-compliance; Art. 32 - Force Majeure, Cancellation; Art. 34 - Exhibitor responsibility for goods on display at the trade show; Art. 36 - Use of images of the Exhibitor acquired during the Exhibition; Art. 37 - Claims, governing law and Cour of competence.

Date

Stamp and legible full signature X

INSURANCE

See Art. 26 of General Regulations

INSURANCE INFORMATION

In Fiera Milano Exhibitor Portal, in the section Manage Documents - Insurance, you shall find the link to receive information about the "All Risks" policy, provided by Fiera Milano free of charge.

EXHIBITOR PORTAL The online platform to hire quality specialized services for your participation at the exhibition as well as stand fittings. Exhibitors, after registration, receive FIERA ID to access the Exhibitor Portal and the Purchase_Card in E-Service.

ACCEPTANCE OF APPLICATION FORM

The Exhibitor is kindly requested to sign the General Rules and Regulations attached to this form in the devoted spaces indicated as Arts. 1341 and 1342 of the Italian Civil Code. Application Forms with the General Rules and Regulations not signed will not be deemed valid.

001.002 STRUCTURES AND BUILDING SYSTEMS

- Construction materials, prefabricated elements and components
- Reinforcements and reinforcement meshes for concrete
- Bitumens
- Lime
- Structural metalwork
- Cements
- Concrete
- Lightweight concrete
- Ready-mixed concrete
- Reinforcing fibers
- Metal cables and ropes
- Aggregates
- Bricks
- Timber
- Plastic building materials
- Concrete and expanded clay blocks
- Brick blocks and artifacts
- Wood-cement blocks
- Sheets/slabs for concrete insulation and containment
- Manufactured cement products
- Manufactured fibrocement products
- Manufactured plastic products
- Manufactured glazed cement products
- Ready-made blocks

- Materials and products for bio-construction
- Holding and expansion joints
- Pedestrian grids and grids for other uses
- Metal profiles
- Synthetic and pultruded profiles
- Plastic pipes and connections
- Metal roofing accessories
- FRP Reinforcements for special applications of reinforced concrete
- Draining and sound-proof asphalts
- Special cements
- Special hinges, plates, connections and joints for large scale works
- Fibreglass and carbon fibre
- Pultruded and fibre-reinforced materials
- Nanotechnology
- Additive and special polymers
- Photocatalytic treatments and systems
- Structures
- Structural components
- Prefabricated piles and plinths
- Preassembled brick panels for walls
- Elevation structures and pillars
- Laminated timber beams with fixed or variable cross-section
- Composite reinforced concrete and iron beams
- Precompressed reinforced beams
- Metal reticular and three-dimensional beams
- Preinsulated and prefabricated floors
- Safety and fire staircases
- Prefabricated staircases
- Anti-seismic joints
- Systems for joining structural components
- Anchoring systems and profiles
- Fastening systems and dowels
- Reinforced concrete structures
- Reinforced brick structures
- Wood and laminated wood structures
- Metal structures
- Spatial reticulated structures
- Industrialized and prefabricated building systems
- Dry construction systems
- Steel building systems
- Reinforced concrete building systems
- Wood building systems
- Modular load-bearing wall systems
- Mixed building systems
- Prefabricated and single-family houses
- Single-block baths
- Prefabricated buildings for other uses

001.003 CIVIL ENGINEERING AND INFRASTRUCTURES

- Elements for civil and environmental engineering
- Sound barriers
- Guardrails and punctual structures for road safety
- Sumps, traps and drains

PRODUCT REPERTORY

- Networks, aqueducts and sewage systems
- Demolition works
- Technologies for hydrogeological repair and consolidation works
- Anchors and anchoring systems
- Gutters
- Tanks
- Septic and chemical tanks
- Gabions and nets for river, mountain and maritime protection
- Geotextiles and geo-membranes
- Pump systems and surge tanks
- Support walls
- Piles and micro-piles
- Technologies and materials for drainage
- Pipes, accessories and supplies for sewers, drains and aqueducts
- Elements of urban furnishing
- Elements and systems for pedestrian areas and public ways
- Appliances, plants and systems for public lighting and ways
- Paving for public spaces, pedestrian areas and cycle paths
- Structures for the elimination of architectural barriers
- Playground and garden equipment
- Waste and recycling bins
- Service Units
- Booths, classical and electronic information points
- Shelters, commercial, opening and temporary roofings
- Signs, panels and safety signals
- Urban forestation and equipped green spaces
- Firms and technical and management services for the design, construction and maintenance of green areas
- Sport buildings
- Turn-key plants
- Gymnasiums and prefabricated structures for sports buildings and facilities
- Sports and recreational facilities
- Sports floors and pavings
- Fixed and mobile stands
- Swimming facilities
- Waterproofing and lining for pools
- Water-treatment installations and products
- Technical installations, equipment and accessories
- Products and equipment for the maintenance of sports and recreational facilities
- Prefabricated changing rooms, showers and sanitary equipment

001.004 CONSTRUCTION SITE TOOLS AND SAFETY

- Geomatics, geotechnics and diagnostics
- Digital aerial photogrammetry
- Laboratory fittings
- Diastimeters and laser levels
- Diagnostic and monitoring instruments
- Measurement and control instruments
- Geotechnical instruments and equipment
- GPS and GPRS instruments for geodetic surveys
- Geognosy survey instruments
- Testing instruments

- Technical instruments for topographic surveying
- Drones and remotely controlled systems
- Construction site equipment and tools
- Abrasives
- Membrane welding/sealing equipment
- Surface treatment equipment
- Equipment for on-site concrete vibration
- Core boring, drilling machines and concrete saws
- Sand-papering machines
- Concrete graders
- Subflooring and floor laying machinery
- Pneumatic and hydraulic hammers
- Platforms and bins for overhead works
- Construction site ladders
- Electrical tools
- Pneumatic tools
- Tools and diamond disks
- Technical clothing and safety accessories
- Technical safety devices for worksites
- Acoustic and luminous signals
- Cable cars and safety balustrades
- Fire prevention systems and aid
- Accident prevention signs
- Antintrusion and antitheft systems
- Barring, fencing and safety systems for construction sites
- Machinery, systems and equipment for construction sites
- Compressors and pneumatic machinery
- Spray-laying systems for insulating material
- Machinery for drilling, piling and canalization
- Pumps and systems for plumbing work
- Scaffoldings - joints and accessories
- Compressor rollers
- Vibrating finishing machines for concrete floor laying
- Machinery for handling and lifting
- Various handling equipment
- Excavators
- Tower and oldynamic cranes for vehicles
- Earth moving machines
- Construction site minimachines
- Cranes
- Vehicles for construction sites
- Machinery, plants and special equipment for civil engineering works
- Machines, plants and equipment for road yards, tunnels and galleries
- Machinery, plants and equipment for demolitions and recycling
- Machinery and tool rental companies
- Concrete batching plants
- Concrete equipment
- Concrete and mortar pumps
- Mixing and injection plants
- Concrete rendering & finishing
- Plastering machines
- Concrete compaction machinery
- Machinery and plants for reinforced concrete
- Formworks and accessories
- Climbing formworks
- Dosing and weighing systems and equipment
- Machines for the shotcrete
- Concrete component moulds

001.005 ENERGY REQUALIFICATION, INSULATION AND COMFORT

- Waterproofing products and systems
- Building drainage systems
- Waterproof plaster
- Waterproof sheaths and membranes
- Nets and textiles for waterproofing
- Soundproof plaster
- Thermal insulating plaster
- Soundproofing panels
- Thermal insulation panels
- By-measure insulating materials
- Panel, roll and block soundproofing products
- Panel, roll and block thermal insulation products
- Underlay for floor acoustic insulation
- Thermal insulation beds
- Ecological insulation materials
- External insulation systems
- Technologies and practices for building restoration
- Asbestos treatment, removal and disposal
- Wall ascensional dehumidifiers
- Injections for the consolidation of walls and structures
- Chemicals for building renewal
- Historical and monumental restoration
- Metal nets for structural containment
- Treatment and repair cycles for reinforced concrete structures
- Structural replacement solutions and practises
- Tie rods, bars, strands and plates for repartition
- Consolidation treatments for structures
- Chemicals for the building industry
- Additives for cement and concrete
- Stuccoes and primers for construction and industry
- Mortars and plasters
- Adhesives, glues and sealants for building materials
- Colours for cement and concrete
- Wall waterproofing and dehumidifying substances
- Primers and protective substances
- Galvanic protection substances
- Resins for the building industry
- Foams for insulation and assembly
- Sealants for the building industry

001.006 INTERIOR AND EXTERIOR FINISHES AND COATINGS

- Exterior paints and plasters
- Plaster and concrete mesh
- Primers and preparation cycles
- Paints and coatings for different uses
- Weight and volume-based tintometric colour systems for construction and industry
- Antigraffiti treatments
- Waterproofing treatments
- Tools and instruments for manual applications
- Equipment for mechanical applications
- Interior decoration and coatings
- Antiwoodworm, primers and protective substances for wood
- Colour samples for the varnish industry
- Wallpapers, textile coating, decorative edges
- Liquid and paste dyes for all uses

PRODUCT REPERTORY

- Fixatives and primers for walls, wood, iron, plasterboard
- Paints and varnishes for the iron industry
- Paints and varnishes for the wood industry
- Chemical products for the varnish industry
- Decorative finishing products and treatments
- Mineral, plastic, polychrome coating
- Antimold systems and products
- Solvent and water-based enamel and varnishes
- Solvents, diluents, paint removers and chemical products
- Decorative stuccoes
- Stuccoes, plasters, mortars and fillers
- Pressurized painting equipment
- Equipment for painters, decorators, finishing companies
- Colour management programs, application software, spectrophotometers
- Adhesive and masking tapes
- Paint brushes, rollers and equipment for painting and decoration
- Vertical partitions and general interior partitions
- Horizontal partitions
- Raised flooring
- False ceilings in general
- Partition systems
- Covered calcined gypsum panels
- Interior prefabricated panels
- Technical partitions and equipped walls
- Finished interior partitions
- Flooring in general
- Ecological flooring
- Agglomerate flooring
- Cement flooring
- Ceramic flooring
- Terracotta flooring
- Natural fibre flooring
- Carpets
- Laminate flooring
- Wood flooring
- Marble, granite and natural stone flooring
- Metal flooring
- Mosaic flooring
- Resin flooring
- Cork flooring
- Glass flooring
- Resilient flooring
- Sound-absorbing flooring
- Industrial flooring
- Technical flooring
- PVC floor coverings
- Porcelain stoneware floorings
- Clinker floorings
- Single-fired tile floorings
- Double-fired tile floorings
- Doormats
- Civil plaster for interiors
- Calcined gypsum/scagliola finish plaster
- Anechoic and sound absorbing cladding
- Mosaic cladding
- Ceramic cladding
- Cladding for interiors in general
- Wood cladding
- Marble, granite and natural stone cladding
- Cork cladding

- Textile cladding
- Paper cladding
- Laminate cladding
- Engineered stone cladding
- Ecological cladding
- Vinylic cladding
- PVC wall coverings
- Porcelain stoneware and ceramic wall coverings
- Equipment and materials for floor and cladding installation and maintenance
- Materials for floor and cladding installation and maintenance
- Adesives and grouts for floors and claddings
- Finishing treatments and maintenance for floors and claddings
- Interior finishing materials, products and components
- Mouldings, baseboards and skirting boards
- Wrought iron
- Columns, capitals, cornices and ornamental frames
- Interior signs
- Components and systems for the contract
- Bathroom furniture and accessories
- Sanitary fittings and taps, radiators
- Stairways for interiors
- Prefabricated stairways
- Fold-away stairs for attics
- Security stairs and firestairs
- Lifts and homelifts
- Starway lift systems
- Freight elevators
- Elevating systems
- Interior curtains and blinds
- Blinds accessories and systems
- Curtain and drapery fabrics

001.007 BUILDING/UTILITIES INTEGRATION

- Water supply systems
- Drain systems
- Plumbing equipment and components
- Surge tanks
- Sewerage water purification
- Water treatment systems
- Consumption metering systems
- Electrical systems
- Antennas and lightning conductors
- Power plants and electric panels
- Controls and sockets
- Central vacuum cleaner
- Lighting
- Safety and service lighting equipment and devices
- Lighting equipment for exteriors
- Lighting systems for interiors, false ceilings and floors
- Heating, air conditioning and ventilation systems
- Boilers and generators
- Fireplaces and stoves for interiors
- Fireplaces, ovens, barbeques, thermo-fireplaces
- Flues and chimney tops
- Ventilation and aeration ducts and systems
- Gas systems and burners
- Radiators and heating elements -
- Towel warmers

- Radiant heating system for skirting boards, floors, walls and ceilings
- Air filters and channels
- Ventilation systems
- Heat pumps
- Cooling units
- Ventilation units
- Thermal regulation and control systems
- Heat metering systems
- VMC - Mechanically controlled ventilation systems
- Renewable energies
- Biomass heaters
- Wind energy generators
- Cogeneration groups
- Photovoltaic modules
- Thermal solar panels
- Geothermal systems
- Batteries that store energy

002 BUILDING ENVELOPE

002.001 BUILDING ENVELOPE, FAÇADES AND ROOFS

- Cladding systems in general
- Reinforced cement concrete panels for residential, tertiary and industrial constructions
- Wood panels
- GRC panels
- Synthetic panels
- Metallic panels in general
- Insulated metallic panels
- Sandwich and composite panels
- External cladding in natural and regenerated stone materials
- External ceramic cladding
- External agglomerate cladding
- Brick cladding
- Curtain walls in general
- Glass and reflective glass façades
- Wooden façades
- Curtain walls in general
- Curtain walls with metal panels
- Agglomerate curtain walls
- Ceramic curtain walls
- Brick curtain walls
- Wooden curtain walls
- Ventilated façades in natural and regenerated stone materials
- Synthetic curtain walls
- Bioclimatic architecture systems
- Integrated photovoltaic systems
- Double-skin interactive façade systems
- Passive solar and sun-catching façade systems
- Façades with integrated sunshade systems
- Anchoring systems and profiles for façades
- Subsystems for curtain walls
- Roofing components, systems and technologies
- Roofing in general
- Roofs with bent tiles and roof tiles
- Glazed cement roofs
- Stone roofs

PRODUCT REPERTORY

- Metal panel and slab roofs
- Sandwich and composite roofs
- Plastic roofs
- Wood shingle roofs
- Metal shingle roofs
- Concrete tile roofs
- Bituminous tile roofs
- Transparent roofs
- Opening roofs
- Prefabricated roofings
- Air pressure switch roofings
- Stress static roofings
- Roofing accessories
- Chimney caps
- Small window domes and zenithal systems
- Roof windows, skylights and dormer windows
- Downpipes and gutter canals
- Bird deterrent systems and products

002.002 FENESTRATION, WINDOWS AND DOORS

- Windows in general
- Armoured and security doors and windows
- Single-block windows
- Steel windows
- Aluminium windows
- Wood windows
- Mixed windows
- PVC windows
- Verandas, bow windows and greenhouses
- Shop windows and show room windows
- Doors for interiors
- Recessed doors
- Folding doors
- Sliding doors
- Fireproof doors
- Automatic doors
- Handles
- Glass doors
- Rototraslating doors
- Frames for sliding doors
- Hotel doors
- Main doors
- Steel-clad doors
- Sliding partitions
- Fitted partitions
- Mobile partitions

002.003 GLAZING

- Glass systems
- Glass and crystal glass for buildings
- Point-fixed external glazing systems
- Special, insulation and safety glass
- Insulated glazing unit
- Glazing accessories

002.004 COMPONENTS, ACCESSORIES AND HARDWARE

- Semifinished products, accessories servomechanisms for windows and doors
- Extruded profiles
- Steel profiles
- Aluminium profiles

- Profiles in general
- Stainless steel profiles
- Copper alloy profiles
- PVC profiles
- Systems and ranges for windows
- Wood frames, profiles and semi-finished products
- Hardware in general
- Corner joints
- Seal gaskets
- Profiles, inserts and components for heat-insulating glass
- Pretreated steel and aluminium sheets
- Plastic laminates
- Handles, knobs, locks
- Panic bars and emergency exit locking devices
- Locks and locking systems
- Sealants for door and window frames
- Fixing systems, anchors and nogs for windows and doors
- Safety systems for windows and doors
- Systems and accessories for curtains and mosquito nets
- Mechanical movement elements and systems
- Motordrives and gear systems
- Hinges
- Top or bottom door closers
- Door frames
- Roller shutter belts
- Decals for doors and windows
- Counterframes, jambs and semi-finished components for doors
- Door components
- Solid wood, plywood, laminar wood
- Panels in wood fibre
- Materials for surface finishings

002.005 CLOSURES, SUNSHADING AND AUTOMATION

- Locks and safety and security systems
- Doors for exteriors
- Heavy duty doors in general
- Heavy duty folding doors
- Overhead doors
- Heavy duty flexible doors
- Heavy duty sliding doors
- Heavy duty sectional doors
- Fireproof doors
- Industrial closures
- Gates in general
- Banisters, balustrades and handrails
- Protection for balconies, terraces and stairs
- External protection and sunscreen systems and components
- Roller blinds and shutters
- Roller shutters and external blinds
- Steel-clad shutters
- Safety grilles and grates
- Shutters
- Prefabricated casings for roller shutters
- Insulating glass-block windows
- Building automation systems
- Access automation systems
- Sunscreen automation
- Curtain automation

- Fireprevention automation
- Integrated systems for home automation
- Integrated control systems for residential buildings (Domotics)
- Integrated control systems for non-residential buildings
- Security and emergency systems
- Access registration and control equipment
- Intercoms and video-intercoms
- Fire prevention systems
- Antitheft and anti-intrusion systems
- Surveillance and security service companies

002.006 OUTDOOR, SUNSCREENS AND ANTI-INSECT SCREENS

- Sun shades and awnings
- Technical curtains
- Sunscreens
- Marquees and frame tents
- Shade sails
- Technical textiles
- Pergolas and gazebos
- Bioclimatic pergolas
- Mosquito nets/curtains and insect-repellent screens
- Outdoors (furniture and accessories)
- Swimming pools
- Outdoor paving
- Design and construction of outdoor spaces and landscapes
- Appliances and fixtures for the lighting of green spaces

002.007 MACHINERY AND PRODUCTION EQUIPMENT FOR WINDOWS

- Machinery for the production of windows and doors
- Automatic profile measuring and cutting machines
- Painting systems and technologies
- Assembly stations and equipment
- Galvanized treatments for surface protection
- Equipment for handling and assembling glass
- Equipment for testing windows and doors
- Equipment for installing windows and doors
- Warehouses, shelving and store management
- Tools and abrasives for windows
- Software for windows
- Sublimation transfer systems
- Machines and materials for wrapping and packaging
- Machines for the production of façade cassettes

GENERAL REGULATIONS

supply the services as under art.19. In any event, the exhibitor waives MADE eventi from any liability, subject to such restriction as are laid down in art. 1229 of the Civil Code. In any event, the liability of MADE eventi does not extend beyond the payment of a sum amounting to 30% of the fee owed by the Exhibitor and is exclusive of any further compensation whatsoever for damage incurred by said. MADE eventi shall not be responsible in any way for the adoption of safety measures in the workplace and for products as outlined by Italian Legislative Decree 81/08 (Consolidation Act on safety) that are the responsibility of Exhibitors and/or parties authorized by the same.

Art. 34 - Exhibitor responsibility for goods on display at the trade show

Each exhibitor undertakes to respect national, community and international regulations and assumes full responsibility should any of the products on display not comply with the above-mentioned regulations. The exhibitor holds Fiera Milano S.p.A. harmless in the event of any litigations or disputes that may arise from the display of unauthorized products in accordance with existing regulatory obligations. In any case, each exhibitor undertakes to remove the goods subject to dispute.

Art. 35 - Processing of the Exhibitor's Personal Data

1. The Exhibitor declares to be informed that the provisions of the Regulation (EU) 2016/679 - General Data Protection Regulation (hereinafter the "RGPD" or "GDPR") concern the processing of data relating to natural persons ("Personal Data") and do not apply to legal persons (companies), entities and associations and information ("Information") referring to such entities, for which will stand only the rules regarding electronic communications made through email, sms, mms or fax for the purpose of sending advertising materials or direct selling or for carrying out market research or commercial communication.

2. The Personal Data referring to the Exhibitor, if operating as a sole proprietorship, small businessman or professional, as well as referring to representatives, exponents, employees and collaborators of the Exhibitor indicated in the Application Form or also presented at a later time, as well as acquired from third parties (e.g.: partners, commercial information companies, etc.) or within the scope of the Exhibition (e.g.: any photos or video recordings at the stands: see art. 36) are collected and processed by Fiera Milano S.p.A. as the Data Controller following the terms described in the Information Notice pursuant to art. 13 of EU Regulation (EU) 679/2016 - General Data Protection Regulation ("RGPD" or "GDPR") - attached to the present General Rules and Regulations (Personal Data Information).

3. The Exhibitor undertakes to communicate the Information Notice to the natural persons (its representatives, exponents, employees and collaborators) to whom are referred the Personal Data supplied for the purposes of participating to the Exhibition and providing the related services, and to ensure that the Personal Data can be lawfully used by the Data Controller for such purposes and to hold harmless and/ or indemnify the Data Controller for any cost or damage arising from the breach by the Exhibitor of its obligations pursuant to this article towards the Data Controller.

Art. 36 - Use of images of the Exhibitor acquired during the Exhibition

In relation to the images of the Exhibitor, their stand and/or representatives, members, employees and workers, acquired or recorded in any way (such as, using cameras, video cameras or audiovisual recordings) during the Event, the above-mentioned Exhibitor declares to be aware, pursuant to European (EU) General Data Protection Regulation 2016/679, that MADE eventi may collect and process said images and disseminate them for informative, promotional and commercial purposes pursuant to the terms specified in Article 35, and therefore grants MADE eventi the free use of these images, for these purposes, as per articles 96 and 97 of Italian Law no. 633/1941, authorizing MADE eventi to use them through any means of communication (including, for example, brochures, presentations, catalogues and, in general, all the printed material necessary for their disclosure and promotion, TV, pay-per-view, etc.) and dissemination via internet (company website, social networks, etc.) or via magazines and other publications, including digital ones, with the rights to adapt and reproduce them for all legal purposes. For this purpose, the Exhibitor declares and guarantees to have: (i) obtained the authorization of the data subjects for the processing of the data relative to their photos, video recordings etc. by MADE eventi, including their dissemination for informative, promotional and advertising purposes pursuant to the terms of the European (EU) General Data Protection Regulation 2016/679; (ii) obtained authorization for the use and dissemination of the images, pursuant to Articles 96 and 97 of Italian Law no. 633/1941 on copyright, in the above-mentioned terms, from the natural persons portrayed or recorded, their representatives, members, employees and workers during the above-mentioned event. In relation to the previous sections (i) and (ii), the Exhibitor undertakes to indemnify and hold MADE eventi harmless from all disputes, actions or claims that may be raised by the above-mentioned persons with regard to the indicated use and disclosure of the related images described above.

Art. 37 - Claims, governing law and Court of competence

Any claims must be submitted in writing to MADE eventi. The applicable law is the Italian Law and the Court of Milan shall have competence to decide any dispute as may arise, or also related to the present Admission and/or the Event General Rules and Regulations.

By signing this Application form, the undersigned Company declares acceptance of and undertakes to fully comply with the Event General Rules and Regulations.

PRIVACY POLICY - PERSONAL DATA PROCESSING FOR REQUESTING AND USING SERVICES FOR THE EXHIBITION MADE EXPO

Article 13 of (EU) Regulation 2016/679 - General Data Protection Regulation

The personal data provided by the User when filling in the form for requesting of one or more of the specific services¹ (hereinafter, the "Services") for the MADE expo exhibition (the "Exhibition") and disclosed during the use of said Services and for the Exhibition², including data acquired from third parties³, are collected and processed by MADE eventi Srl., as Data Controller (hereinafter, "MADE eventi" or the "Company"), for providing the requested Service, in accordance with the relevant contractual conditions or conditions of use⁴, and managing the relationship with the User, as well as for performing relevant regulatory, accounting and tax requirements and carrying out administrative, organisational and technical processes necessary for delivering the service.

For these purposes, processing the User's personal data, acquired in the ways indicated above (identification data, contact details, requested and used services, payment data, company information, job title, etc.), is necessary for establishing and executing the contract relevant to the requested Service, for fulfilling relevant legal obligations and for pursuing the Company's legitimate interests to carry out the aforementioned administrative, organisational, technical and security related operations relevant to providing the Service, managing the relationship with the User and relevant to participation in the Exhibition at Fiera Milano's exhibition centre, as well as any defence of rights in a court of law. In such cases, it is mandatory or at least necessary for the User to provide the requested personal data, and failure to provide it, even partially, would make activating and providing the requested Service impossible. The User may freely decide whether to provide additional data, such as additional phone numbers and additional employment information, which may be used for improving or customising the Service, as well as facilitating contact and communication with the Company: disclosing additional data for the latter purposes is optional and failure to disclose this data does not affect the use of the requested Service

For the purposes outlined above, the User's personal data:

- a)** is also processed by MADE eventi using electronic devices, mainly computerised procedures and appropriate methods for ensuring data security and confidentiality, and may be retained for the duration of the Service and Exhibition and, on termination, for the period of time set out by current regulations for administrative, accounting and tax purposes, as well as in the event of disputes or litigations, under the statute of limitations of the rights which may be exercised in this regard;
- b)** may be seen by the Company's authorised employees and collaborators and those working for the facilities responsible for carrying out administrative, technical and security operations relevant to providing the requested Service and the Exhibition's organisation and management;
- c)** may be disclosed by MADE eventi to other companies in the Fiera Milano Group (see the updated list available on www.fieramilano.it) and to trusted companies which, depending on the Service requested, provide organisational and technical services such as, for example, fitting, support and maintenance, printing, data processing, administrative consultancy, performance measuring. Companies processing personal data on behalf of MADE eventi act as data controllers;
- d)** may, depending on the Service requested, be disclosed to other parties participating in the Exhibition (exhibitors, buyers, visitors, etc.);
- e)** may be transferred to third party Countries outside the EU, only in accordance with European Commission rulings where the data protection regulations in force in those countries is recognised as adequate, or on the basis of adequate safeguards (such as standard contractual clauses or binding corporate rules for groups), or, in the absence of such conditions, only where the User authorises this transfer or where it is necessary for executing a contract with the User or on their behalf;
- f)** may, where exhibitors are concerned, also be disseminated through the Exhibition's website and catalogues, based on the obligations set out in the relevant contract or where requested by the user (see as example Expo Plaza service)..

The email address and postal address, provided by the User to use the Service and participate in the Exhibition, may be used by the Company to send Exhibition newsletters as well as sending relevant information about further editions of this or other similar events, organised by the Company, and for similar services as the one requested by the User, who may object at any time to any such communications, by selecting the suitable option in the reserved Fiera ID login area, by forwarding a message of objection from the associated email address to privacy@madeexpo.it or by posting an objection communication to our Company at the address indicated below.

The GDPR provisions (articles 15-22) guarantee the User has the right to access their data at any time, to correct or complete data if incorrect or incomplete, to delete their data or limit processing where conditions are met, to object to data processing for reasons related to their specific circumstances or for direct marketing purposes, to request the transfer of data given, if processed automatically to carry out the contract or based on the User's consent, as well as to lodge a complaint with the Privacy Guarantor of a Supervisory Authority to protect their rights.

To exercise the rights outlined above and for any further information on how your personal data is processed, please contact MADE eventi Srl., the Data Controller, with registered office in S.S. del Sempione 28, - 20017 Rho (Milan), e-mail privacy@madeexpo.it.

¹ Online ticketing, Expo Plaza, Admission application, customer invitation, download of conference and various documentation, smart apps, communities, b2b portal.

² E.g. any photos or videos recorded by stands or during events, etc.

³ Depending on the service (e.g. submission of the admission application, customer invitation system), the data may be acquired, for example, by event partners, organisers or exhibitors, as well as companies providing marketing information services from public sources that are publicly available to anyone (such as the trade register)

⁴ Terms and conditions of each service provided by Fiera Milano are also available at the following link: <https://www.fieramilano.it/condizioni.html>

USER'S CONSENT TO THE PROCESS OF PERSONAL DATA

The User declares to have read the privacy policy and grants or refuses consent to MADE eventi Srl to process personal data for the following purposes:

- 1) sending marketing material, direct marketing, carrying out market research (including surveys on the service quality and levels of User satisfaction) or marketing communications related to events and services provided by MADE eventi via post, telephone, automated call systems, fax, email, sms, mms):

 Yes No

- 2) automated analytics and assessments of the User's behaviour and preferences concerning events and services of interest (profiling purposes):

 Yes No

- 3) disclosure of data to other companies in the Fiera Milano Group (updated list available at the following link <https://www.fieramilano.it/en/azienda.html>), as well as other companies, such as organisers, exhibitors, fitters, sponsors, qualified staff taking part in the Exhibition, for independent processing, as data controllers, for the purposes of sending direct marketing communications about their services and products:

 Yes No

The User may object, at any time, his/her consent previously given by contacting MADE eventi to the following addresses:

- S.S. del Sempione 28, 20017 Rho (Milano);
- e-mail: privacy@madeexpo.it

For the above purposes, personal data may only be processed if the User has given their consent, which they may withdraw at any time (without affecting the legality of processing based on consent given prior to withdrawal). Providing personal data and consent is always optional for the User and failure to provide such data does not affect the use of the services the User requests.

The User's personal data, retained for the duration of the Fiera ID and its related services, may be kept for direct marketing and profiling purposes for durations of 24 and 12 months, respectively, after the date the service terminates and/or the User's Fiera ID is deactivated.

For the above purposes, the User's data may be seen by staff authorised by the Company and disclosed to other companies in the Fiera Milano Group and service companies (e.g., fitters, exhibition service providers, entrance control suppliers) operating as data processors on behalf of Fiera Milano. Where the User has given consent, their data may also be disclosed to other companies in the Fiera Milano Group and to third party companies under the terms set out above in part 3.

The GDPR provisions (articles 15-22) guarantee the User has the right to access their data at any time, to correct or complete data if incorrect or incomplete, to delete their data or limit processing where conditions are met, to object to data processing for reasons related to their specific circumstances or for direct marketing purposes, to request the transfer of data given, if processed automatically to carry out the contract or based on the User's consent, as well as to lodge a complaint with the Privacy Guarantor of a Supervisory Authority to protect their rights.

To exercise the rights outlined above and for any further information on how your personal data is processed, please contact MADE eventi Srl, the Data Controller, with registered office in

- S.S. del Sempione 28, 20017 Rho (Milano);
- e-mail: privacy@madeexpo.it
